

University Hospital of Basel

University Hospital Basel has a long-standing tradition in offering medical treatment for international patients. Guests have been coming to our clinic for many years in order to be treated by renowned professors and physicians.

The international guests approach the hospital with various different reasons and expectations – just like inland patients. However, particular administrative, organizational and linguistic challenges need to be considered when treating patients from abroad.

“International Service” is a central and welcoming service center of University Hospital Basel, designed for private patients from all over the world. The Patient Service Managers care for the concerns of each patient – before, during and after the treatment.

The hospital can offer all kind of medical treatments.

Along with the medical specialists of University Hospital Basel, we prepare your personal treatment plan, aiming to explore the reasons for your physical ailments.

Location:

Ideally located in the city center of Basel. Therefore, you can combine your treatment with amazing sightseeing possibilities of beautiful Basel. The hospital is only 10 minutes away from Basel international Airport and one hour away from the Zurich international airport.
